**SEPTEMBER** 2024

In this issue, we celebrate our community and the inspiring journeys of students chasing their dreams in Japan. Discover stories of transformation and empowerment, showcasing how education opens doors to new opportunities. Let's embark on this exciting journey together!

# A MILESTONE ACHIEVED: CELEBRATING THE SUCCESS OF OUR RESIDENTIAL PROGRAM

DreamJ Campus recently concluded an immersive 21-day residential program for 100 students, offered completely free to all participants through a collaboration with WoW Space Corporation. This comprehensive initiative was designed to immerse students in Japanese culture, language, and workplace practices, providing invaluable real-world experience. The program, led by academic staff from both WoW Space and DreamJ Campus, along with Japanese experts, covered essential topics such as Japanese food etiquette, respect for cleanliness, and everyday functional skills—equipping students for personal and professional success in Japan.

Additionally, a financial management workshop conducted by HNB Bank empowered students with critical financial knowledge, preparing them to manage their finances effectively and build a secure future while working abroad.

# CONT. A MILESTONE ACHIEVED:

## CELEBRATING THE SUCCESS OF OUR RESIDENTIAL PROGRAM

### Japanese Companies and Experts Collaborate for Program Enhancement

Held at the Commercial Industrial Maritime Security Training Academy (CIMSTA) in Nadungolla, Mandawala, Gampaha the program featured language training, cultural immersion, physical fitness, and best practices from various industries. Representatives from 15 Japanese companies visited to observe and provide valuable feedback, which DreamJ Campus has already integrated to enhance future sessions.

These representatives also conducted interviews, particularly in the nursing care sector, and Japanese staff organized mock interviews to better prepare students for upcoming challenges. DreamJ staff's dedication and hard work made the program a memorable and transformative experience for all participants, setting them on the path to success as they prepare for their journey to Japan.

## NURSING GRADUATES

# EMBARK ON A LIFE-CHANGING JOURNEY TO JAPAN

### Nursing Batch 2

Five students have successfully achieved their dream of working in Japan's nursing care sector under the SSW visa category. These remarkable individuals—P.M. Dilan Sandun Sameera, K.G. Ashinshani Dilrukshi, G.V. Ashini Amanda, Chethana Susanjalie, and O.H. Sanduni Madushani—are now embarking on their careers in Japan's esteemed healthcare system. Their journey, marked by dedication and perseverance, represents a significant milestone, ushering in an exciting new chapter in their professional lives.

### Nursing Batch 3

Five new graduates have joined the latest group of trainees heading to AOIKAI Nursing Care Hospital in Chiba, Japan, after successfully completing their SSW visa qualification. Pabasari Nawarathna, Pameesha Minoshi, Buddhini Amalsha, Anjana Sewmini Thakshila, and Sachini Sangeetha Sathsarani departed for Japan on the night of 13.10.2024 to begin their careers as nursing care professionals.

President of DreamJ Campus, Dr. Nanda Gunawardhana, along with the Board of Directors and Management, extends heartfelt congratulations and best wishes to these graduates as they embark on a fulfilling journey in Japan's healthcare system. We celebrate their dedication and look forward to their continued success.

# AGRICULTURE GRADUATES CULTIVATING SUCCESS ON GLOBAL SOIL

On 15.10.2024, another group of trainees will depart for Japan to pursue careers in the agriculture sector under the SSW visa category. The group, consisting of Harsha Gunawardana, Himantha Kavindu, Bandula Priyantha, Darshana Eranga, Sahinsa Randima, and Jeewana Dilum, is headed to Fukuoka, Japan, facilitated by Gleeson Recruitment.

President of DreamJ Campus, Dr. Nanda Gunawardhana, along with the Board of Directors and Management, extends heartfelt congratulations and warm wishes to these individuals as they embark on this exciting new chapter in their professional journeys.

# ELEVATING SKILLS

## OUR COMPREHENSIVE TRAINING PROGRAMS

### AGRICULTURE

As part of WoW Space Corporation's collaboration with DreamJ Campus to send well-qualified Sri Lankans to Japan under the SSW visa category, a two-week intensive fieldwork training was conducted for agriculture students who had received their Japanese visas. The training took place at a 110-acre farm managed by WoW Space Corporation in Japan, equipping students with specialized skills aligned with Japanese agricultural practices.

In addition to mastering key farming techniques, the trainees received hands-on experience in operating machinery commonly used in the field. The program was closely supervised by Prof. Nishantha Giguruwa and his team, who provided valuable feedback to further refine and enhance the training for future participants.

# Our Comprehensive Training Programs

## FOOD SERVICE

DreamJ Campus, in collaboration with WoW Space Corporation, recently concluded a comprehensive two-week training program tailored for students preparing to enter Japan's hospitality management and food service industry. Conducted at Regal Réseau Hotel in Negombo, this program was coordinated alongside Gleeson Recruitment. Participants gained practical, hands-on experience in essential areas such as food preparation, hygiene protocols, customer service, and specialized training as kitchen helpers—key components of Japan's esteemed hospitality sector.

The training emphasized attention to detail, operational efficiency, and the Japanese work ethic, ensuring that students are well-equipped to meet the high standards and demands of their future workplaces in Japan.

## NURSING CARE

Students from DreamJ Campus, in partnership with WoW Space Corporation, recently completed a two-week training program designed to prepare them for successful careers in Japan's elderly care sector. Held at Solace Elder Care and Rehabilitation Home in Negombo, the program offered practical experience in nursing and elderly care, focusing on patient support, hygiene management, and mobility assistance. This initiative was coordinated with Gleeson Recruitment and aimed to equip students with the necessary skills for their future roles.

The course emphasized empathy, patience, and specialized caregiving techniques, ensuring that participants are well-prepared to meet the specific needs of elderly individuals. By the end of the program, students gained the skills and confidence essential for success in Japan's healthcare industry. WoW Space Corporation encourages all students to take advantage of similar opportunities to build a strong foundation for rewarding careers in Japan.

# WISDOM AND INSIGHTS:

## HIGHLIGHTS FROM PROF. HONDA'S WORKSHOP

WoW Space Corporation, in collaboration with DreamJ Campus, recently organized a workshop aimed at enhancing the skills and knowledge of Japanese language teachers in Sri Lanka. The workshop was led by Prof. Honda Akiko from Ritsumeikan Asia Pacific University, Japan, who served as the primary resource person for the event.

Approximately 20 teachers from various Japanese language institutions and schools participated in this enriching experience. Key topics discussed included effective teaching techniques for Japanese as a foreign language, integrating Japanese culture into lessons, assessment methods, and strategies for tracking student progress. This initiative underscores WoW Space Corporation's commitment to advancing Japanese language education and supporting educators in their professional development.

  
**Fostering Partnerships:**  
**VISIT FROM OUR ESTEEMED JAPANESE DELEGATES**

### Pizza-la Japan Delegates Visit DreamJ Campus

A delegation from Pizza-la, Japan, recently visited DreamJ Campus to explore opportunities for collaboration and student recruitment. During their tour of the Gampaha branch, they engaged with students and staff, observed Japanese language classes, and participated in discussions.

The delegation also assessed the practical training facilities at Regal Réseau Hotel and conducted first-round interviews with selected students at the DreamJ Campus headquarters. The visit was coordinated by WoW Space Corporation, with Prof. Duminda Gigeruwa accompanying the delegation throughout.
